

Getac S410 Docking Station

Small footprint - designed to maximize available space inside your mobile office

Keep your computer secure

Created to protect the Getac S410 semi-rugged computer, aluminum and composite design offers rugged construction for durability. The docking station is built with a Push and Turn lock with key for theft deterrence. To lock, just simply insert the rear portion of the computer and then push the latch and turn the lock.

Certifications & Testing

RoHS, FCC
 C-Tick, E-Mark
 Vibration/shock testing:
 MIL-STD 810G 514.5
 Docking mechanism tested:
 30,000 cycles
 SAE Standard J1455 Crash Test

Port replications

Ethernet - RJ45
 USB 3.0, 9 Pin (1)
 USB 2.0, 4 Pin (3)
 HDMI 19 Pin
 Serial, D-sub, 9 Pin
 Input voltage - 19 VDC
 VGA D-sub, 15 Pin
 RF antenna pass-through for GPS,
 WLAN and WWAN (optional)
 Microphone/speaker

Dimensions: 13.84" (35.15 cm) W x 12.39" (31.47 cm) H x 2.90" (7.37 cm) D
 Weight: 4.47 lbs. (2.03 kg)

Features

- Rear-facing I/O ports, integrated cable strain relief system, and convenient cable management system.
- Rear hooks and guide pins ensure proper alignment and docking connectivity.
- Spring-loaded docking connector to ensure connectivity in the roughest terrain.
- Plate draws back into docking station when the computer is docked.
- Docking station designed to accommodate optional VGA attachments.
- Can be used with Gamber-Johnson motion attachments with the VESA 75mm hole pattern.
- Rugged composite/aluminum construction with black powder coat finish for long-term durability.
- Screen support is included with the dock.
- Comes with a power supply bracket to attach the LIND power supply to the bottom of the dock.
- **3 year limited warranty.**
